

**Environmental  
Education  
and  
Leadership**

## Who is MAC/IECA?

Our goal is to provide educational opportunities to better prepare members to address the multitude of environmental issues unique to the Mid-Atlantic Region; to establish an informational network within the region in disciplines such as erosion and sediment control, storm-water management, wetland mitigation, stream stabilization, etc.; to tap the wealth of knowledge and the resources available in the Mid-Atlantic region and to share experiences and successes with others throughout the world through the **IECA-Region One** and the Mid-Atlantic Chapter of the **IECA-Region One** (MAC/IECA).

When you join **IECA-Region One**, you automatically become a member of the Mid-Atlantic Chapter (MAC) at no additional charge.

Join us now and take advantage of **IECA-Region One** discounts on training workshops, videos, books, on-line education, conferences, etc., as well as similar discounts for the MAC/IECA workshops and conferences.

**For additional regional information,  
log on to:**

## Who Is IECA?

The **International Erosion Control Association (IECA)** is a non-profit, member organization that provides education, resource information and business opportunities for professionals in the erosion and sediment control industry.

**IECA-Region One** consist of over 2100 members representing North America, South American and Europe and 22 fields of professional practice. **IECA's** diverse membership supplies a unique network of specialists who are capable of solving a broad range of problems caused by soil erosion and it by-product—sediment.

### The Goals of the IECA are:

- To educate **IECA** members, the public and the erosion control industry.
- To disseminate information through conferences, seminars and communication media.
- To provide technical expertise for people, organizations and governments seeking assistance in the field of erosion & soil conservation.
- To establish standards for erosion control materials and installation procedures.
- To promote the expertise of erosion and sediment control specialists through professional certification.

### IECA's Mission Statement

**IECA, Region One** is dedicated to minimizing accelerated soil erosion. **IECA, Region One** connects, educates and develops the worldwide erosion and sediment control community.
